Homes of Beauty

A striking change at moderate cost. Compare "before planting" photo in oval (to left) with beautiful result shown above. These hardy plants are permanent and they practically "take care of themselves."

Homes Beautified-At Little Cost!

IN our Landscape Plan and Ornamental Departments we devote all our time on plans to aid owners of city, suburban and farm homes to add charm and harmonious beauty to their home grounds. Special Plan Service is FREE, if you order the needed trees, shrubs, hedges and plants from us.

We are not so much interested in big real estate sub-divisions, or large municipal park plantings as we are in the homeowners' orders. Our 107 years of experience in furnishing the farmer and suburbanite the best of fruit trees have acquainted us with their wants and desires—and we feel that we do more good and

get better results in specializing on this general type of planting work. However, we **are** qualified and equipped to take care of the largest estate or municipal beautifying plan and planting—and do handle hundreds of such big propositions every year.

Look At These Photos—See What a Little Money Will Do!

Just look at the reproduced photos on this and on pages 4 and 5. Note how a little money multiplied many times the attractiveness and desirability of these homes. Write us and see what we can do for your home.

Note the remarkable change wrought by the proper ornamental planting around the home just above (in oval). See the "After Planting" photo above oval (large). Cost only \$28.50.

Aiding Nature in the Country

A restful effect achieved by our Landscape Department for a country home owner (photo at right). Cost only about \$45.00.

Hedges—The Living Fences

Attractive hedges for walks and driveways involve comparatively little expense and add immeasurably to the orderly beauty of your farm home—make it one to which you can point with pride.

The modest cost of a splendid planting of ornamentals will make "all the difference in the world" in the appearance of your home and will pay big dividends, if you ever want to sell your home. Stark Bro's Landscape Department has helped thousands of home owners throughout the United States to make their home grounds a source of great pleasure—admired by every passerby and envied by every neighbor.

Isn't the home-beautifying effect above shown worth more than the \$22.00 it cost?

Your home, too, can be made "the envy of all the neighbors," just by the aid of a simple but harmonious Stark Bro's planting of shrubs, plants and trees.

Another Stark planting only two years old. Before Stark shrubs were planted this house had no appearance of a real home. Every member of the family appreciates and values their home more highly as a result of this Stark planting—a duplicate of all the shrubs around this home will cost you only \$26.00.

Landscape Beautifying Plans That Can Be Obtained At No Cost to You

The beautifying of home grounds throughout America has been greatly handicapped and delayed because the owners realized their lack of the expert knowledge necessary to plan a carefully and correctly designed planting—and they felt they could not afford to pay the fees of the Landscape Architect, which often ran into very large sums.

This unfortunate condition resulted in most cases and nothing was done. If attempts were made without expert advice, it usually resulted in actual detracting from the appearance of the home grounds. These “hit and miss” plantings cluttered up the lawn and the money spent for the plants was wasted.

Stark Bro's Solved This Problem For Home Owners Throughout America

Many years ago our Mr. Stark, who received his landscape training at Cornell University, conceived the idea of gathering together practical, trained experts. These men have graduated from the leading Landscape Colleges from different parts of the U. S. They have wide knowledge of the climate, soil and plant requirements of the different sections of the country.

This plan was carried out and as a result our large corps of graduate Landscape Architects has designed many hundreds of plans for places of all sizes and kinds from the Atlantic to the Pacific and from Canada to the Gulf.

Hundreds of home owners, whose places probably would otherwise have gone unplanted, have greatly profited through the Stark Plan of Landscape Service—at a great saving of expense and with much satisfaction and pleasure from a well designed landscape planting.

Stark Bro's send with every Stark Plan, complete, easy-to-understand directions for staking out and planting so that anyone without previous experience can correctly carry out the plan. This plan costs you nothing IF you buy the necessary trees, shrubs, hedges, vines or roses from Stark Bro's.

STARK PLANS MAKE WONDERFUL

These illustrations show a few examples of the hundreds of places throughout America, that have been artistically planted and beautified with Stark Shrubs, Vines, Hedges, Roses, etc. They demonstrate that with Stark plans as a guide and with Stark Bro's Stock for the planting, a maximum of beauty, satisfaction, pleasure and economy will result.

To clearly illustrate the striking improvements resulting from Stark Plans carried into effect with Stark Plants, we have shown photographs taken before planting together with those showing the beautiful mel-

Raises Value of Property

“I ordered the goods just as your plan called for and they are fine. My place sold high on account of the landscape work done.”

—E. L. BROCK,
Mt. Vernon, Ill.

An attractive home (see photo in oval below) “framed with nature.” How bare and cold it would seem if there were none of these beautiful shrubs and vines to adorn it—yet these cost only \$16.00.

Note this cozy little home. Its air of inviting privacy comes from this little inexpensive planting—only \$18.00 will buy all the shrubbery shown in photo, from Stark Bro's. A planting of ornamentals is an investment. It increases the value of your property 25 per cent or more.

lowing effect of naturalistic planting. For example, the church below was changed into one of the beauty places of Kewanee, Illinois. The other illustrations on this page have been taken at random from our photographic record showing the result of Stark Plans and Plants in various parts of America. All of these illustrations are striking, inasmuch as they show the extraordinary effects that can be secured in a very short time—all these photos taken less than 3 years after Stark plants were put out, some of the photos only three months after planting.

A Stark Plan and Planting of Stark Shrubs made this church (above) one of the beauty places of Kewanee, Illinois. All the shrubs used did not exceed \$150.00 in cost.

Saved This Man Money

"To say we are pleased is putting it mildly. We anticipate great pleasure in carrying out your landscape plan. Your prices are much lower than our local nurserymen." —CLOSSON SCOTT, Billings, Mont.

A farm home made the show place of the neighborhood in three years by Stark Bro's plan and Stark plants. Your home, too, can be made "The envy of all the neighbors" just by adding a proper planting of Stark Shrubs. This planting cost only \$22.00.

The Ideal Combination —Stark Plans and Stark Plants

An architect's plans for a fine building may be perfect, of attractive design. Still, if the building materials are of low grade and construction careless, the final result—the finished building—will prove a great disappointment.

So it is with landscape work. **First**, to get a maximum amount of satisfaction, the plan must be correctly and carefully designed from both artistic and practical viewpoints. **Secondly**, the planting mate-

rial must be of the highest quality—otherwise much time, effort and money may be lost.

When you have a Stark designed plan you can be sure that it is correct from every standpoint. If the plan and the simple specifications that accompany it are carried out with Stark plants, you have the reputation and experience of a 107 year old organization back of your entire landscape development—both plans and plants.

Stark Ornamentals—Highest Quality—Economical

The vast majority of our clients have found it advantageous to make theirs a Stark proposition from start to finish, including the free specifications and simple directions for carrying out the planting. In this way, there is no divided responsibility and the owner knows **just exactly what he can depend on**. Furthermore, it is economy because Stark trees, evergreens, shrubs, vines, roses and plants are very moderate in price, lower than many and

no higher than any who furnish good stock.

"Stark Trees and Plants do live and give satisfaction." Stark Bro's are the leading ornamental nurserymen of the U. S.—hundreds of acres devoted exclusively to growing ornamental trees, shrubs, evergreens and plants. Our expert propagators have spent their lives, as their fathers did before them, in growing and training Stark Quality Shrubs with constantly improving nursery methods.

Graceful Shade Trees

Of Moderately Fast Growth

***ELM, AMERICAN WHITE** (*Ulmus Americana*). See big center photo. Grandest and most satisfactory of all long lived shade trees. Succeeds everywhere. Grows in a tall vase-like form with graceful spreading and drooping branches. Easily transplanted and rapidly develops into a shade tree that is particularly adapted to lawn and avenue plantings. Unexcelled for planting for shade near buildings as its lofty branches permit air to circulate and grass to grow underneath. Prices each: 5-6 ft., 85 cts.; 6-8, \$1.10. 8-10, \$1.50. See price list for quantity prices.

LINDEN, AMERICAN (*Tilia Americana*). Large native tree, rapid growth. Fragrant, creamy-white flowers in July. Upright, stately tree, bright green, heart-shaped foliage. Prices each: 5-6 ft., \$1.10; 6-8, \$1.50; 8-10, \$2.10. See price list for quantity prices.

RUSSIAN OLIVE or Silver Leaf Oleaster (*Elaeagnus Angustifolia*). Tall shrub or small tree. Golden yellow, fragrant flowers blooming in June, followed by silver berries. Picturesque effect of silver-gray foliage. Fine for quick screens, hedges, or lower shrub background. Prices each: 2-3 ft., 55 cts.; 3-4 ft., 75 cts., 4-6 ft., \$1.00. See price list for quantity prices.

Climbing Vines

BOSTON IVY (*Ampelopsis Veitchii*). Hardy with small, neat, compact foliage. Used extensively for covering churches, stone or brick residences and walls. Rapid grower, American Ivy. Prices: 70 cts.; \$6.50 for 10.

***HONEYSUCKLE, HALL'S** (*Lonicera Halliana*). Most popular. Delicious fragrance, profusion white and yellow blossoms. Often stays green until midwinter and is practically evergreen in South. Prices: 50 cts.; \$4.50 for 10.

HONEYSUCKLE, SCARLET TRUMPET (*Lonicera Sempervirens*). See photo at far right. Profuse large, brilliant colored flowers from June to September. Bright berry clusters. Prices: 60 cts.; \$5.50 for 10.

***IVY, AMERICAN, or VIRGINIA CREEPER** (*Ampelopsis Quinquefolia*). Beautiful native vine. Five-parted leaves, rich green, turning bright scarlet in fall. Extremely hardy, rapid growing. Clusters of blue-black berries. We consider this the best all purpose vine. Prices: 50 cts.; \$4.50 for 10.

***WISTARIA, CHINESE** (*Wistaria Chinensis*). Beautiful, fragrant light purple pea-shaped flowers, clusters often a foot long, blooms in May. Hardy, rapid grower. Prices: 75 cts.; \$7.00 for 10.

MAPLE, SUGAR OR HARD (*Acer Saccharum*). See photo lower right corner. Tall native tree of moderate growth and long life—valuable for sugar production. Bright green foliage changing to a magnificent golden yellow, orange and scarlet in autumn. Prices each: 5-6 ft., \$1.10; 6-8 ft., \$1.50; 8-10, \$2.10. See price list for quantity prices.

***SYCAMORE, EUROPEAN** Or Plane Tree (*Platanus Orientalis*). See photo lower left corner. A splendid, rapid growing, upright tree, fine for street plantings. Succeeds everywhere. Easily transplanted. Prices each: 5-6 ft., 85 cts.; 6-8, \$1.20; 8-10, \$1.70. See price list for quantity prices.

TULIP TREE (*Liriodendron Tulipifera*). Rapid growing symmetrical tree, glossy foliage, large tulip shaped yellow flowers with orange colored centers in spring. Prices each: 5-6 ft., \$1.20; 6-8, \$1.80; 8-10, \$2.40. See price list for quantity prices.

***MAPLE, NORWAY** (*Acer Platanoides*). See photo right top. Beautiful, round headed, compact tree. Fairly rapid growth. Yellow flowers in early spring. Rich dark green foliage—clear golden yellow in the fall. Its symmetrical appearance has made it popular for avenue, lawn or park. Sturdy, strong branches require no pruning. This long lived tree is the best of all the maples. Prices each: 5-6 ft., \$1.25; 6-8, \$1.60; 8-10, \$2.25; 10-12, \$3.00. See price list for quantity prices.
